1/12/79

Dear Mrs. Wadley,

I appreciate your 12/27.

There is a contemporaneous photo of Lovelady in Whitewash II, along with comparison pictures of Oswald and an enlargement from Altgens.

I am not aware of what you seek on Tippit but why not ask the National Archives? There is probably a separate Tippit file, or a number of them.

We left Hyattstown more than 11 years ago. The Frederick post office was as usual kind in getting your remailed letter to me.

Two editions of IW are available, as the enclosed list shows.

Thanks and best wishes,
